New Business:

Mr. Funk requested that Mrs. Funk (in his absence) bring a discussion of the deteriorating condition of Park Lane. Specifically, when Park Lane is planned to be repaved, he would like to see it repaved to the existing width of the bridge over the East Branch of the Brandywine Creek. This would allow room for a white line and an area for pedestrians, and improved drainage.

Action: Mr. Funk will follow up with Ms. Randzin to determine the timeline of the paving plan of Park Lane for further discussion/planning.

Next meeting will be held on February 18, 2015, at 7:30 PM at the Wallace Township Building.
