

## Glenmoore Village Enhancement Committee

### Meeting Minutes

Meeting: February 18, 2015, 7:30 PM

Wallace Township Building

#### PRESENT

John Miller

Linda Morley

Scott Juenger

The minutes from February 4, 2015 were reviewed and approved.

#### Old Business:

The final drafts of the mailers to the affected property owners of the proposed village walkways were reviewed (cover letter, Q&A information sheet, and questionnaire).

**Action:** Mr. Miller will request the Board of Supervisors to approve the mailing (at the 2/19/15 meeting)

**Action:** Mr. Miller will work with Ms. Randzin to obtain a tax map of the area with properties to receive the mailers and print copies ready for the committee to place in envelopes the week of 2/22/2015.

The discussion of Ashlea HOA open space continued.

**Action:** Ms. Morley will contact the homeowners in Ashlea once the date of their April meeting is announced in order to bring the topic to discussion at that meeting.

The proposed temporary ice-rink at Wagenseller was discussed. Approval was given by the board at the last BOS meeting. Since it is so late in the winter season, the goal will be to implement the idea in November of 2015.

The paving of Park Lane was brought up at the last BOS meeting. It does not seem like the township plans on overlaying Park Lane for some time, but there is some intention on doing base repair and patching as needed.

Municipal Authority Link Trail: The committee discussed the PECO Green Region Grant Application. Modifications to the application and attachments were completed. The application will be handed to the Board of Supervisors at the 2/18/15 meeting (Application, plan earth-view attachment, plan view attachment, and site pictures)

**Action:** Mr. Miller will make a modification on the plan earth view attachment.

**Action:** Mr. Juenger will email electronic copies of the application and attachments to Ms. Randzin at Township.

#### New Business:

Ms. Morley contacted Sheila Fleming and Beth Burnam of Brandywine Conservancy to inquire about other grant opportunities. They responded with information on C2P2 grant information.

**Action:** Ms. Morley will invite them to our next meeting (3/4/2015, 7:30 pm) to discuss this further.

Mr. Miller discussed a GTRP grant (through PA Dept. of Community and Economic Development) with Mr. Craig Kologie.

**Action:** Mr. Miller and Mr. Juenger will research this grant further for more discussion at the next GVEC meeting.

Next meeting will be held on March 4, 2015, at 7:30 PM at the Wallace Township Building.
