The section for Alternative Energy (geothermal, wind, solar, etc.) of the draft zoning ordinance Amendment document was reviewed and numerous comments were made. Michael Crotty will incorporate these comments into the document and this document will be further reviewed in a future meeting.

Craig Kologie gave an overview of a future Wellhead Protection Ordinance that we will be working on in the future.

Michael Crotty led an introductory discussion on whether we need an ordinance for “Air-b-n-b” otherwise known as Peer to Peer rentals. Many did not believe this is necessary at this point as existing ordinances cover this. This topic will be further discussed in the future.
